

## **Join Our Team – IT & OT Career Opportunity at Kauai Island Utility Cooperative**

Are you passionate about technology and looking to make a meaningful impact in the energy sector? KIUC is seeking a skilled and motivated professional to join our team in a **Information Technology (IT) and Operational Technology (OT)** role.

As a leading electric utility cooperative, we are committed to delivering reliable power and innovative solutions to our members. Our IT and OT teams play a crucial role in maintaining and enhancing our **digital infrastructure, cybersecurity, grid automation, operational systems, and IT management**.

**We are accepting resumes** if you have experience in any of the following: IT administration, help desk support, network administration, cyber security, or system integration. If you are eager to make a difference in the electric utility industry, we want to hear from you!

### **Why Join Us?**

- Impactful Work – Contribute to the future of energy and smart grid technologies.
- Competitive Benefits – Comprehensive health, retirement, and paid leave plans.
- Collaborative Environment – Work alongside industry experts in a dynamic, mission-driven organization.

### **How to Apply:**

Submit your resume, ask your questions or reach us at [humanresources@kiuc.coop](mailto:humanresources@kiuc.coop).

Join Kauai Island Utility Cooperative and help power the future!
